## A Fabulous Tale

In the Cosmic Expanse Where Galaxies Danced, Lived the Benevolent Ones.

Beautiful Beings Radiating Pure Love.

They Danced Through the Cosmos Blessing All in Sight with Sheer Delight.  
Their Laughter Echoed in Nebulae's Glow as They Spun Constellations,  
A Magnificent Celestial Show.

Stars Giggled, Suns Chuckled, Planets Twirled.  
For the Benevolent Ones Were from Supernatural, Celestial Worlds.

One Day, They Glimpsed Earth, A Blue-Green Gem,  
A Realm of Great Promise Yet They Saw Discord & Scarcity's Cruel Plight.  
So They Decided to Intervene with Cosmic Might.

First, Infusing Earth's Air with A Harmonious Motion.  
Minds Were Calmed, Hearts United, A Universal Love Song Filled the Air.  
Eternal Spring Dawned Everywhere & All Strife Was Gone!

Wars Immediately Ceased & Earth Experienced Everlasting Peace.  
The Benevolent Ones Whispered with Glee,

"Mission Accomplished, Tee, Hee, Hee!"

## Happiness Is Universal

Rearranging Constellations for All to See.  
Orion's Belt Spelled Out Their Joyous Decree, "P-e-a-c-e, R-e-i-g-n-s,"

“Mighty Victory!” Proclaimed Cassiopeia's Arc as Ursa Major Winked,  
Lighting Up the Dark with Celestial Sparks.

Next, They Turned to Earth's Land, Sky & Waters with Their Energy Cleansing,  
Pollution Bid Goodbye Forever & Heaven's Star Gates Welcomed All Beings to  
Thrive in Joy, Beauty & Abundance.

Every Tree Shimmered with Sheer Delight, Every River Flowed Pristine & Free,  
The Air Felt Crisp & Clean, A Breath So Serene, Softly Scented with Heavenly  
Flowers... Magnificent!

Mountains Stood Tall in Their Glory & Might with Peaks Kissed by The Dawn as  
the Benevolent Ones Painted Each Lawn.

Flowers Bloomed Generously in Sprightly Hues, Wondrously Impressive for All  
to See. Soft Ocean Winds Beacons with Glee, “Let's Sing Songs of Praise, Glory  
& Jubilee!”

## Joy Beauty Abundance

Creatures Rejoiced Too ~ The Hummingbirds Flight, The Dolphins Sheer Delight. From Ants to Elephants, They Danced & Played, In This Newfound Eden Their Worries Allayed. Peacocks Pranced While the Whole Cosmos Advanced with Celestial Rainbows Filling the Air.

Everywhere & Everything Became Joyously Euphoric.  
Even The Sun Was Doing the Tango!

## Catch The Fun

And So, Beloved Mother Earth, Gaia, Terra Christa ... Bathed in Cosmic Grace  
While Benevolent Laughter Echoed Throughout Time & Space.

The Stars Winked Knowingly, The Moon Grinned Widely,  
For The Benevolent Ones Had Turned the Tide!

Their Legacy of Eternal Love Remained, A Celestial Refrain,  
"Live, Love, Laugh & Be Happy" A Universal Dance, Sung by the Benevolent  
Ones. "Beloved I Am, Beloved We Are, indeed!"
